WASHINGTON, Jan. 30.—The death toll from the Nickelbocker theatre disaster Saturday night was brought to 108 today with the death in a hospital of Miss Mary A. Forsthe, a resident of Washington.

WASHINGTON, Jan. 30.—With a total of 107 dead and 133 injured removed from the ruins of the Nickelbocker motion picture theater up to an early hour today, the rescuers were still struggling with the wreckage left when the snow laden roof of the structure collapsed during the showing of a comedy feature film Saturday night.

Brigadier General Bandholtz, commandant of the federal troops in the district, in personal charge of the rescue work, said it might be 24 hours before it could be definitely said there were no more dead or injured in the wreckage of two sections which remained to be cleared of the mass that was hurled down without warning on the pleasure seeking hundreds below.

It was believed, however, that the section now being exploited would yield few additions to the awful list of dead and injured, it being near the rear and under the part of the balcony which held up when the front of it crashed down to the theatre pit under the impact of the falling roof.

A party of rescuers early today had been struggling for hours to release from the part of the wreckage now being overturned one man believed to be yet alive although imprisoned under the mass for 36 hours. The great mass of twisted steel beams and concrete which caved in with the roof have in many instances made the rescue of victims slow and tedious.

Capital Grief Stricken.

The capital city was bowed in sorrow to learn the full extent of the tragedy, with the rescue of victims yesterday and last night. This was the more intensely shared by the rest of the country because of the considerable number of visitors who suffered in the catastrophe. President Harding, in a statement last night, said the tragedy had left him with the "same inexpressible sorrow which has come to all of Washington and which will be sympathetically felt throughout the land."

A three fold investigation of the cause and circumstances of the collapse of the theater roof is in progress today.

In addition to an exhaustive investigation ordered by the board of commissioners of the district and to be cited immediately by the grand jury, Senator Capper of Kansas, a member of the senatorial District of Columbia committee, announced that as soon as the session convened he would introduce a resolution calling an investigation of the tragedy. The senator said he had received reports that the building code of the district had been violated in more than a few instances during the rash of construction resulting from the rapid increase of population here after the war declaration.

By daybreak this morning the searchers had explored almost every portion of the debris strewn structure without finding any more bodies.

Military Gives Way.

Col. Charles Keller, U. S. army engineer, commissioner of the District of Columbia, took charge of the forces at the theatre site today as the military gave way to the civilian forces.

All dead and injured had early today been removed from Christian Science church nearby, a large structure, which for more than 36 hours had served as a clearing house for the victims of the disaster.

RAPE CHARGES TO BE FILED MONDAY IN LOCAL COURTS

Preparations were being made to day by Assistant County Attorney H. F. Mathis to file charges of statutory rape against W. W. Masters, Allen, who was lodged in the county jail here late Saturday without bond pending a preliminary hearing.

The complaint, which was scheduled to be filed sometime today in a justice of the peace court, will charge, it is understood, that on January 22 Masters made a criminal attack on Hester Whitehead, a small child who lives at Allen. His preliminary, officers said Monday, will be held here instead of at Allen. Summons for witnesses were to be sent out this afternoon or Tuesday.

COLLEGE CLEARS FIELD FOR MEET

East Central Will Repair
Track and Bleachers for
Quadrangle.

The Teachers College is rapidly recovering from the effects of a rigid smallpox vaccination order and outside of several cases of illness and sore arms, is proceeding on regular schedule today, especially the athletic department. Work is being started on repairing the track and field in preparation for the quadangle meet to be held here on April 21-22.

Coach Thompson states that several men have indicated their intention of coming out for the meet and the track will need to be repaired for their practice. Work is also being started on the tennis courts, and it is reported that in a short time they will be ready for use. It is expected that an extra interest will be shown in tennis this year and the courts all will be made ready soon.

Baseball Outlook Good.

Baseball prospects are getting brighter every day, Coach Thompson said, and work is being started on repairing the bleachers, the batting screen, and on clearing off the field. Coach Thompson has been authorized to order the equipment for his team this year and reports that practice will begin about the end of February. He expects to see the old bleachers, which have not been used much during the past few years, entirely repaired or replaced by new ones.

The basketball schedule for the college will be resumed this week, Dr. M. M. Webster, city health officer, having granted the school permission to proceed with all scheduled games after Thursday. Thompson is taking his team to Duran for a game Friday night and another Saturday night. He reports that only one or two of the men had to be vaccinated and that they were recovering from effects of the sore arms. Practice will be started this afternoon.

The high school also reports that practice will be started today. The boys and girls teams will go to Sulphur Friday night for a double header game. No further conflict is anticipated during this season from sickness.

COMMITTEE DUE TO MEET ABOUT SPORT TONIGHT

A committee of nine, selected at a meeting last Thursday night for the purpose of working out a plan for financing a proposed city athletic association, will meet tonight at the Ada Evening News office at 7:00 o'clock, it was announced today. All who were appointed on the committee will be expected to meet here at that time. Ideas and proposals for financing the association will be discussed.

The purpose of the meeting will be to work out a definite arrangement for the association, and should it prove successful so far as finance is concerned, their plan will be submitted to a general meeting for approval and other steps towards organization taken. Those who are interested in the matter were unwilling to proceed until it was definitely decided as to finance.

Members of the committee are Lee Smith, Sam Schienberg, M. C. Grigsby, Roy Givens, Ralph Waner, M. Z. Thompson, Rev. H. M. Wood, Rev. R. A. Hatch, and William New-

SIX MEN CHARGED IN WHISKY CASES

Alleged Distillers Must
Wreck Plants or Seek
Better Seclusion.

It was a hard season Sunday for six alleged distillers as well as owners of corn dew and festive "hooch" beer when county officers laid siege to several store room and brought into the county poozoom their customary samples, remnants of more intoxicants which trickled into the gutter.

Soon the old label "bottled in barn" will disappear from the products of bootleggers in Pontotoc county, officers emphatically declare, and in its place will appear the trade mark "underground ambrosia" or "deep creek knock-out drops". Relentless war has been declared against illicit stills.

The basketball schedule for the college will be resumed this week, Dr. M. M. Webster, city health officer, having granted the school permission to proceed with all scheduled games after Thursday. Few Girls Spoony But Need Advice; Smoking No Vice

MUSKOGEE, Jan. 30.—The fast "spoony" girl represents but a small minority of American girls today.

Her smoking is a bad habit but not a vice.

She is more sinned against than sinning.

Miss Marguerite Wilson, director of Community Service, has found the modern girl not nearly so bad as she is painted.

Her experience with girls in girls' camps, and other activities.

"The modern girl is no more immoral or less womanly than her mother" Miss Wilson said. "Each generation thinks the present one worse than the preceding one. The modern girl is losing a great deal of her femininity but not necessarily her morality.

"The discontinuance of chaperonage is deplorable. I heartily approve of it under all circumstances. But doing away with it does not mean a laxity of morals but rather enlarged ideas of personal freedom.

"Contrary to the general opinion, I have found that it is the small town girl who is sophisticated. She knows much more of life than her city sister who is accredited with cynicism and disillusionment," Miss Wilson continued.

"The girl of today is constantly seeking a good time but she would not sacrifice her reputation in order to have it."

OKLAHOMA CITY PLANS
FOR BIG BATHING BEACH

OKLAHOMA CITY, Jan. 30.—A bathing beach, 1,000 feet long and 300 feet wide, is to be constructed at Lincoln park, a municipal resort six miles from this city, according to an announcement of Joe Patterson, city commissioner of public property. A large lake has been practically drained and a crew of workmen are removing submerged stumps and stones from a large area. Gravel and sand is to be spread over the bottom and packed down before the water is allowed to fill the lake again, Patterson said. The beach is to be eight feet deep at its maximum depth, the commissioner said. The lake at its deepest place is 60 feet. A street car line has just been completed to the park.

BRITISH TROOPS LEAVE IRELAND

Vacated Barracks May Be
Used To Relieve House
Shortage in Dublin.

DUBLIN, Jan. 30.—British evacuation of Ireland is proceeding more speedily than anticipated. Each day sees a large batch of troops leave Dublin and other ports.

The Dublin garrison is due to leave this week and newspapers are speculating as to how the vacated barracks will be used. It is suggested they may be employed to relieve the housing shortage, it being argued that at a comparatively small expenditure they may be converted into workmen's dwellings.

Throughout Ireland similar buildings are falling under the control of the new Irish government and some may be needed for the new army, although as yet nothing has been decided in regard to the size of that body. It is taken for granted that it will be established promptly and green uniforms are being manufactured in Dublin on a large scale.

It is noteworthy that the evacuation of the British troops has occurred everywhere with no manifestation whatever from the people; there has been no signs of popular rejoicing or regret.

In some cases the departure of these troops will be a serious loss to towns which have been benefited from money spent by the soldiers.

Baptist Ladies in Meet.
Mrs. C. C. Morris and Mrs. J. H. Page, wives of two Ada Baptist ministers, participated in a program held by the woman's section of the Fifth Sunday Baptist conference at Francis Saturday. The meeting opened Thursday and closed last night.

Allen was selected as the next place for the Fifth Sunday meeting, which will be open on the Thursday before the fifth Sunday in April.

PICKLE FACTORY MAN TO ARRIVE HERE THIS WEEK

O. N. Walker is in receipt of a letter from J. M. Atkinson, who has been investigating Ada with the idea of establishing a pickle factory stating that he will arrive Wednesday or Thursday and take up the matter of a site and securing the planting of a sufficient acreage of cucumbers to make the plant possible.

It will be remembered that Mr. Atkinson made a test of cucumbers raised here and made a favorable report, stating that the product was all right. No trouble is anticipated in the matter of inducing farmers and gardeners to raise the cucumbers when a market is assured and there will be no trouble about the site.

TAX REMOVED ON RESTRICTED OILS

Oklahoma To Lose Heavily
Each Year As Result
of Decision.

(By the Associated Press)

WASHINGTON, Jan. 30.—A tax imposed by the state of Oklahoma upon income derived from the sale of oil and gas produced on leases on restricted Indian land was held unconstitutional today by the supreme court.

The case was brought by F. A. Gillespie, against the state of Oklahoma, where such Indian lands are a large part of the state, and was advanced at the request of the state, based upon a large sum of money involved. It was contended in opposition to the tax that it was an unlawful burden upon a federal agency and would affect the value of the leases.

Heavy Loss To State
(By the Associated Press)

OKLAHOMA CITY, Jan. 30.—Several hundred thousand dollars will be lost to the state of Oklahoma each year as a result of the ruling of the United States supreme court today, declaring unconstitutional a tax imposed by the state upon income derived from the sale of oil and gas produced under leases on restricted Indian lands, according to C. W. King, assistant attorney general, who handled the case through the courts.

SEVENTH LYCHER IS GIVEN LIFE TERM TODAY

OKLAHOMA CITY, Jan. 30.—Robert McAlester, the seventh man to receive a life term in the city for complicity in the lynching here the night of January 14 of a non-union packing house worker, was sentenced today when he entered a plea of guilty to a charge of murder before District Judge James I. Phelps and told the story of his participation in the hanging in open court.

FIRST FORUM MEETING OF CHAMBER OF COMMERCE ON TUESDAY NIGHT

The first forum meeting of the re-organized Chamber of Commerce will be held Tuesday evening at 7:30 at the City Hall. The meeting will be called together promptly and will adjourn at 8:45. Rev. C. C. Morris, chairman of the forum committee, says the meeting will begin on time if there are only two present and will adjourn on time if there are seven thousand present.

The subject for discussion of the first meeting will be improvement of streets, both graveling and paving. This is in accordance with the opinion given by most of the members. Particular attention is to be given to connecting up the various blocks of streets which have been gravelled.

Every member is urged to be present at this meeting. It is the beginning of real team work on the part of the entire boosting forces of the city. This, too, will afford an opportunity for every member to participate in Chamber of Commerce work and make himself felt forcefully in all civic affairs.

This is the first forum meeting, and hereafter such meetings will be held at frequent and regular intervals.

DODD BROTHERS TO ANSWER FOR EUFALA FIGHT

Hotel Keeper's Son Is Dead
From Bullet Wounds
In Abdomen.

MURDER IS CHARGED

Local Salesmen Quarrel,
Then Open Battle, Is
Report Monday.

Walter and Charles Dodd, brothers of this city, are being held today in the county jail at Eufaula charged with the shooting there Saturday afternoon of John Sellers, son of Alex Sellers, proprietor of the Sellers hotel at Eufaula. Sellers died Sunday at noon and murder charges were filed today against the Adams men according to a telephone communication.

The Dodds, who are fruit tree salesmen, were stopping at the Sellers hotel Saturday. After an argument with John Sellers, Walter Dodd is said to have opened fire, shooting the hotel proprietor's son five times, three of the shots taking effect in the abdomen and two in the arm. Sellers was not expected to live through Saturday night.

After Sellers fell, according to the report which reached here today, Walter attempted to escape and was found under the counter in the Dunlap Brothers store by searching officers. His brother did not leave the hotel.

The argument started, according to a statement from Alex Sellers, when the Dodd brothers imbibed freely of corn whisky and became disorderly. Young Sellers is said to have told them to be quiet or leave the hotel. That was Friday night. Saturday the quarrel was reopened when Charles Dodd and Sellers met in the hall of the hotel. Dodd became angry and was ordered by Sellers to leave, whereupon Walter Dodd came up with his revolver and the shooting ensued.

Sellers has a wife and two children. He is well known in McIntosh county, it is said, having been in the hotel business for many years.

Both Walter and Charles Dodd have lived here for years. Walter lives in Barringer Heights and Charles lives with his father at 1001 East Fourteenth street.

John Crawford, of the local law firm of King and Crawford, was to leave today for Eufaula to represent the Dodd brothers

BIBLE THOUGHT FOR TODAY

SELF-PRAISE.—Let another man praise thee, and not thine own mouth; a stranger, and not thine own lips.—Proverbs 27:2.

QUESTION OF THE BEST.

The Daily Oklahoman, styled by some several the best newspaper in the United States, under the date of January 22 carried the story to the effect that Pope Benedict was sinking and was not expected to live. The Ada News, at least the best daily published in Pontotoc county, under date of January 21 carried a story to the effect that the pope was already dead—one day before the Oklahoma City daily had reported him sinking. Which goes to prove, that, if the Oklahoman is the best newspaper in the United States the Ada News is the best in the United States or Arkansaw either.—Allen Democrat.

Well, you noticed that he stayed dead after the Evening News said he was dead, didn't you? You can bet on the News every time.

A good one comes from Illinois. According to the story the towns of Carlinville and Taylorville had been intense rivals in football. In course of years the rivalry developed into intense hatred and last fall Carlinville decided to wipe her rival off the map both in the matter of sport and financially. The citizens banded together and hired ten football stars from Notre Dame, so the report goes, to play in the decisive game. Every spare dollar to the amount of \$50,000 was bet on the result, Taylorville covering every dollar offered. Somehow Taylorville heard of its hated rival's little scheme or else thought of the same plan, for nine stars from the University of Illinois were hired for the occasion. The game was a Waterloo for Carlinville, and its is probable that some citizens of the town are wearing their old overcoats this winter as a result of the blasting of their hopes. It is really too bad that both sides couldn't have lost the last cent bet on such a game. All sportsmanship was eliminated in the contest and it became just a commercial proposition. If the time ever comes when such a spirit prevails, school athletic contests will cease to be of any interest to lovers of real sport and it will be time to cut them out altogether. In this particular instance the players are facing suspension from their own teams and it is to be hoped that they will be suspended.

A move is on foot to build a cotton factory at Sand Springs. It is to be hoped that its promoters will succeed in their undertaking. There is certainly no valid reason why cotton should not be manufactured where it is raised instead of shipping it to the East and back, paying the freight both ways. So far as we know, the mill at Guthrie is the only one in the state at this time. Some years ago we were shown through the plant by one of the large stockholders who assured us it was a paying proposition and its capacity had been enlarged more than once to meet the growing demand for its product. At that time it confined its operations to the manufacture of twine, staging, cotton rope, etc., but since then we understand that looms have been installed and cloth is being woven. It would look good to see a big factory looming up on the skyline of Ada.

Judge R. L. Williams recently advised parents to use less salve and more cowhide on their erring youngsters if they wanted to keep them out of the courts. The trouble is that the great majority of parents will consider that this advice should be applied by their neighbors; that their own children are not in need of it. We are reminded of a lady in Texas who had a son in whom she saw more to approve than did the neighbors. A friend who had not seen her in a year or two asked her where her boy was. She replied: "The people were so hard on the poor boy that he just had to leave." On being asked for particulars she gave this version: "Oh, he just shot a fellow last Christmas and wouldn't have done that if he hadn't been drunk, but the people were so much against the poor dear that he couldn't stay here."

Wouldn't it help matters quite a bit if when a criminal conviction is sustained on appeal the penalty assessed in the lower court was automatically doubled? It is certain that there would not be so many appeals and delays under a system like that.

A test well is being drilled near Fort Worth at a spot where several years ago a girl dreamed of seeing oil flowing out in great streams. Most wildcat wells are the results of dreams on the part of the people putting up the money, but too many of them fail to come true.

Whether President Harding is sincerely favorable to the farm bloc in congress or not, he has seen enough of its power to make it advisable to court its friendship rather than have his legislative program smashed to smithereens ever so often. He is getting into the band wagon while getting is good.

The man who has the fewest ideas of his own is usually the one who finds most fault with those of others.

Vindicating the Law.
(Chickasha Express)

As far as the known evidence in the case shows, the only crime committed by Jake Brooks, the negro who was lynched at Oklahoma City, was to work in a packing house, contrary to the wishes of men who refused to work at the wages offered to them. The evidence is found chiefly in the confessions of the men who were implicated in the lynching. It seems reasonable to assume that if Brooks had done anything else which, in the minds of his slayers, made him deserve death, it would have been brought out.

It is difficult to conceive of a darker, more atrocious crime than was committed against this unoffending black man. Not only the diabolical nature of the deed itself but also the entire absence of any sort of justification makes the murder of Brooks stand out as a crime for the counterpart of which one would have to search the annals of savagery. It is almost incredible that such a thing could happen in a civilized country.

Commenting on the Brooks case, the Daily Oklahoma observes that this crime indicates that human life is held cheap in Oklahoma, and this deduction is well founded, but the brutal affair also leads one to believe that other things of the highest value are cheap here. It shows

that solemnly guaranteed rights and principles of law as old as Magna Charta itself are held for naught by some people living within the borders of our state. If men singly or in groups may substitute their private judgment for due processes of law, meting out punishment to whomsoever they may see fit, then we are indeed back in the time of barbarism. Mobs of men, masked or unmasked, who presume to inflict punishment of any kind upon any person, without or with cause, are attacking the very foundation of our government, which is regarded as royal obedience to law.

It is to the everlasting credit of county and state officials, as well as the citizens of Oklahoma City, that they have apparently left nothing undone to vindicate the law and bring to justice the murderers of Brooks. Every man who aided in any manner in the perpetration of the crime is a murderer and as such merits the full penalty of the law.

It should be brought home to all who attempt to usurp the functions of legislators, executives or courts, setting up in our midst their own decrees as substitutes for decisions reached through the duly provided processes of law, that the law is supreme in Oklahoma and that nobody, either through viciousness or misguided motives, may trifile with it without paying the penalty.

WHAT YOU EAT.
(Bartlesville Examiner)
Vegetarians are shocked to learn from Vilhjalmur Stefansson, Arctic explorer, that he and two trapper-companions lived two years eating nothing except seal meat.

This happened on Stefansson's last scientific expedition on the great sheet of ice that forms constantly near Alaska and, moving 15 miles a day travels on up over the North Pole, then southeast 400 miles until it melted as it strikes the Gulf Stream in the Atlantic Ocean.

For two years Stefansson and his two followers tasted no vegetables. They had seal meat for breakfast.

Know What You Are Buying

Do you realize when you buy 12 oz. or 3/4 of a pound of baking powder what it is actually costing you per pound. For instance—

60c for 12 oz. or 3/4 of a lb. equals 80c per pound

50c for 12 oz. or 3/4 of a lb. equals 67c per pound

30c for 12 oz. or 3/4 of a lb. equals 40c per pound

Did you ever stop to figure this out? It is something that every housewife should know because it shows the false economy of buying the 12 oz. or 3/4 pound can of baking powder—it shows the big price you pay per pound.

Do you know when you get 12 oz. you are not getting a full pound and what a full pound would cost?

Never ask for a can of baking powder—always ask for a pound when you want it.

Remember a large can of Calumet Baking Powder contains 16 oz. or a full pound.

Buy Calumet because you get more for your money—because it is the most economical of all leaveners—the best by test brand.

FIRST: People take on the characteristics of what they eat. Stefansson says he ate so much seal meat that he probably began to smell like one, for polar bears scented him and his companions 10 miles away.

SECOND: A diet of nothing but meat worked all right in the frozen north, due to severely cold weather and the explorers' hard work. In a warm climate, the same diet would kill. It would be doubly deadly for the indoor worker who doesn't get much exercise.

MOST EXPENSIVE BULL IN WORLD TO BE EXHIBITED

(By the Associated Press)
SAYRE, Jan. 30.—The "most expensive bull in the world" is to be exhibited at the Beckham county livestock show, to be held here March 1 and 2. It's a scrub.

T. J. Eldredge, farm demonstration agent for the county, says a carload of scrub-sires are to be shown alongside some purebreds, to bring out a contrast. After the show the scrubs will be shipped to Okemah City for slaughtering, he said. On the side of the car bearing them will be this inscription: "Beckham county scrubs—we are done with you."

JANEWAY NAMED TO STATE POST OF THE LEGION

(By the Associated Press) OKLAHOMA CITY, Jan. 30.—C. H. Janeway, of Collinsville, was elected assistant adjutant of the American Legion at a meeting of the state executive committee of the organization here late yesterday afternoon. He is to assume active charge of the state headquarters February 15.

Mr. Janeway succeeds J. C. Chatfield, who will retire to his home at Tulsa and enter the mid-continent bureau of National Petroleum News. The committee extended a vote of thanks to the retiring adjutant for his work in the organization.

Plans for a census of former service men will be formulated at a similar meeting of the county executive committee which was ordered at the meeting yesterday to be held February 12.

MUSKOGEE—Small boys in Texas will learn with sinking hearts that a special freight train of 19 cars containing a single shipment of soap—tons of it—passed through here recently for points in the neighboring states to the south. The soap was from a manufacturing plant in Kansas City and was to be distributed to several jobbers in several cities in Texas.

WILLARD MACK TAKES FOURTH WIFE; BRIDE IS SALT LAKE CITY DIVORCEE

MRS. HOPE ANNOUNCES FOR COMMISSIONER

To the Voters of Ada: For many days my friends have been asking why I have not announced as a candidate for the office of Commissioner of Accounting and Finance. It seemed to me there need be no rush as I can not recall an instance where a man has accepted a similar position to fill an unexpired term, that it was not generally taken that he intended to make the race for the office by accepting the office for the time and he was always elected if he was making good in that office. I believe Ada men and women are broadminded and fair, and the fact that the appointee to the office is, for the first time here, a woman, will not change your attitude, if she is filling the office acceptably, and this I intend to prove to you.

First: It is your duty as a voter to not take hearsay but come to the office of Commissioner of Accounting and Finance and see for yourself that I am filling the position acceptably. You are invited and urged to come. The fact that Judge Bolen recommended that I secure the services of a capable book-keeper for two months did not mean he felt I could not do the work in this office, but after hearing the sworn report of the auditor of Wolf & Co., that he did not believe that this, the second largest office in the county so far as work is concerned, could be properly handled at all times with only one man in office, no matter how capable he may be, the judge felt I should have some help to get this office in shape after two auditings. There is very little set aside for extra help in this office and I am paying Mr. Mooney out of my own salary for two months that I may get the work brought up in every department to enable me to give YOU the service to which you are entitled. I wish to state here that there is nothing in this office a woman can not do as efficiently as a man, if she is a business woman and I have been in business three times with my husband, doing much of the office and clerical work. I have been a high school teacher and a deputy county clerk. The office of Commissioner of Accounting and Finance is one peculiarly suited to a woman and is the only one of the commissioners offices that is.

To many hundreds of people here I need no introduction, but in last two or three years many people have moved to Ada and some perhaps do not know me, I have lived here since 1900 except for a short time and since I helped the women raise the money that bought the site for our first industry, I have answered the call to assist in every movement to make Ada a larger and better town in which to establish our homes and rear our families. Every movement for civic righteousness in twenty years I have done my part and I can not recall a single time I have not been called by the men of Ada to help even down to the close of 1921, when C. of C. urged me to assist them in their membership drive. No one ever said: "No, she can not do the work—she has a husband—let him do it." I am proud to state we both did our part and kept faith with you because we love Ada and it is our home. In state and nation I have served two years as Chairman of Belgium Relief, and as president of State Federation of Women's clubs. During the World War I served as chairman of Registration of Women for Service and Food saving making the highest percentage for Oklahoma of any state in the Union—also I was chairman of Speakers Bureau of Women of Oklahoma also executive member of the State Council of Defense and many other positions of responsibility and trust, but NO PAY—I did this gladly for my country.

Now in closing, I ask you to inquire of those associated with me in the City Hall, as to my executive ability in office—ask the bankers of Ada, who will tell you my businesslike methods of taking care of this office and I promise you to carefully guard the city's funds and monies—to efficiently conduct the office and give you courteous treatment at all times. I believe the voters of Ada will give a woman the same fair treatment at the polls that a man would receive similarly placed. I can not make a hand-shaking campaign unless you come to my office, for I am too busy during the day to look you up, but you are asked now FOR YOUR VOTE and I certainly will appreciate your confidence in me and the efficiency of a woman in office, if you cast your vote in the March election for Mrs. Tom Hope, candidate for Commissioner of Accounting and Finance. Burglars Take Only Empty Boxes Sunday Night in a Haul Here

Burglars played a practical joke on themselves here last night when they entered the back end of the Ike Sine clothing store here, in which a stock of bankrupt goods had just been sold, removed some empty boxes which they are presumed to have thought contained valuable goods, and left, doing no other damage than breaking a window in the back of the store.

The boxes had been placed there carelessly at the close of business Saturday. The stock of goods was sold and the sale was pending confirmation, according to a statement today by J. C. Hynds, trustee in bankruptcy.

Ouster Proceeding Is Opened Against Pittsburg Sheriff

(By the Associated Press) MCALISTER, Jan. 30.—Charges of misconduct in office form the basis of ouster proceedings being drawn today by County Attorney O. H. Whitt, of Pittsburg county, against Sheriff William S. Sanders, under

orders from the county board of commissioners. Whitt said in the petition in the case probably would be filed Tuesday morning.

Sanders, who is a republican, was elected in 1920.

Whitt refused to discuss the charges that he will file against Sanders. Misconduct in office will be alleged however, he declared.

Passengers and others killed in French railway accidents during 1920 numbered 122.

The Ada Charity Clinic is now organized. On December 16, 1921 a number of doctors met at the office of Dr. M. C. McNew and organized and established a staff for the purpose of caring for the suffering poor of Ada and surrounding country.

This staff will give their services to all who are not able to pay and the requirements will be to bring a certificate from their family physician or some reliable layman or the secretary of the Red Cross.

This clinic will be open for applicants on Mondays and Thursdays of each week at Dr. McNew's office and they will be directed to members of the staff according to their disability.

Members of the Staff Are As Follows:

DR. M. M. WEBSTER, Internal-Medicine; DR. I. L. CUMMINGS, General Surgery; DR. B. F. SULLIVAN, Diseases of the Skin; DR. B. B. DAWSON, General Medicine; DR. H. BARNE, Dentistry; DR. F. R. LAIRD, Dentistry; DR. M. C. McNEW, Diseases and Surgery of the Eye, Ear, Nose and Throat; MRS. ORVILLE SNEAD, Business Manager and Red Cross Secretary.

SYSTEM IS ALL WRONG

Men and women—whether you will ever build yourself up to your normal just-right weight depends on the number of blood-cells in your blood. That's all there is to it. In a scientist's face, if your blood-cell face isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people; it puts fine flesh on your bones, it rounds out your face, fills out your limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it feels rather fine by smoothing out wrinkles and wrinkles and pulling them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, etc., etc., are being removed. The medicinal ingredients of S. S. S. are guaranteed 100% pure vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

UKRAINE, LONG SUGAR AND FLOUR BIN OF EUROPE, NOW NEAR TO STARVATION

(By the Associated Press)
KIEV, Ukraine, Jan. 26.—The Ukraine has been long known as Russia's sugar bowl and flour bin but the sugar bowl has been empty for three or four years and now the flour and cornmeal are so low that it is doubtful whether the Ukrainians will have enough bread to carry themselves through to another harvest. The hungry folks from the Volga famine district have invaded the Ukraine by hundreds of thousands. Moscow and Petrograd have drawn on its bread supply to the limit of their power.

The Ukrainians are however, a fighting, independent lot who have stubbornly resisted requisition and defeated plans to divert their foodstuffs in large quantities to other parts of Russia. These requisitions and general dissatisfaction with conditions have played a large part in limiting the Ukrainian food supply. Besides the snows were so late in coming last fall that much of the grain seed was frozen in the ground before the snows came to give it protection. Consequently the Ukraine faces the possibility of a small grain yield next year. Even an extraordinary spring sowing cannot compensate for the unfavorable condition of the crops planted last fall.

"Under the compelling force of patriotism they made willing sacrifices during the war, but with the return of peace the government cannot expect to retain these employees indefinitely, because in justice to themselves and their families they will sooner or later accept the larger opportunities that are open to them in the world of business and industry unless the government proposes to pay them salaries that at least reasonably approach the value of their services.

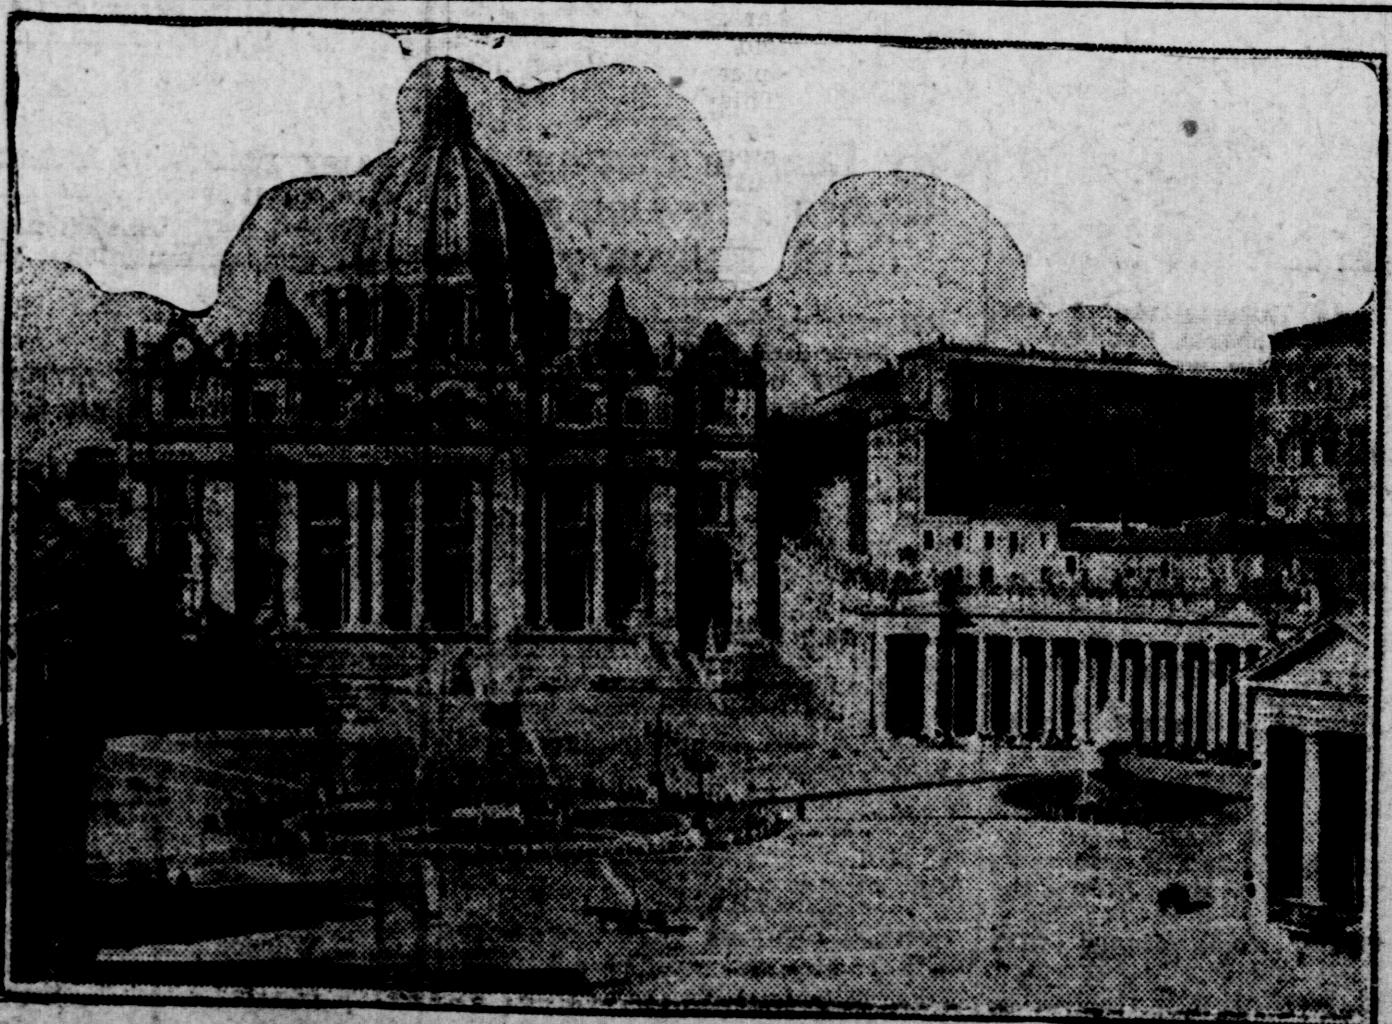

"Only prompt action by the congress to build up a permanent and dignified civil service which will include men of great ability and high attainments can prevent mistakes and failures in the transaction of the public business, the consequences of which may be calamitous."

Ex-Representative Good, who was chairman of the appropriations committee of the house, is equally frank: "Today duplication in the government service abounds on every hand. For example, eight different departments of the government, with large overhead organizations, are engaged in engineering work, in navigation, irrigation and drainage; eleven different bureaus are engaged in engineering research; twelve different organizations are engaged in road construction, while twelve, with large overhead organizations, are engaged in hydraulic construction and sixteen are engaged in surveying and mapping. Sixteen different bureaus exercise jurisdiction over water-power development. Nine different organizations are collecting information on the consumption of coal. Forty-two different organizations, with overhead expenses, are dealing with the question of public health.

"The Treasury department, the War department, the Interior department and the Labor department each has a bureau dealing with the question of general education. These departments operate independently; instances of co-operation between them are exceptional. Each of these departments is manned at all times with an organization prepared to carry the peak of the load and maintains an expensive ready-to-serve personnel. A lack of co-operation in the executive departments necessarily leads to gross extravagance. The system is wrong, and congress alone can change the system."

Remarkable Recovery of Mrs. Mary Graves of Dallas, Again Proves Wonderful Restorative Power of Tanlac.

"I Now Eat Anything and Feel Almost Like a Girl," She States.

"I have never known anything as marvelous in my life as the way in a short time Tanlac has overcome my catarrh and stomach trouble of twenty years standing. Nobody knows the misery I suffered during all these years. Many a time I was so weak that I couldn't sit up at all and would have to lie in bed for days. I had awful headaches, too, nearly every morning and was just as despondent and discouraged as any one could be."

"I am just feeling fine now, almost like a young girl, eating anything I want without the least distress afterwards. The headaches are gone, too, and in fact, I am just like a different person, thanks to Tanlac."

The above statement was made by Mrs. Mary Graves, 3010 Ross Ave., Dallas, Texas.

Note—Tanlac Vegetable Pills are an essential and vital part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Tanlac is sold in Ada by M. A. Waits and all leading druggists. (Adv.)

Comical Minstrel Talent

With Lawrence Baker, "Spare-rib" Jones, "Slim Jim" Austin, Will Merritt, Noah Robinson, the comedy end of Harvey's Greater Minstrels would be superior to other similar shows without Duke Anderson, Chas Beecham and Frank Kirk. After all there cannot be too much comedy in a Minstrel, provided of course it is clean-cut and if an irresistibly kind.

Manager Harvey is justly proud of all the talent he has secured, and although it is expensive to pay high salaries to so many clever people, yet it is a lot of satisfaction to the Manager to feel assured that no matter where the Harvey Greater Minstrels play, it is going to please the patrons.

However, none of the above company of experts are funnier than Frank Kilk as he is playing the banjo and singing with a lighted cigar in his lips, that he apparently swallows the cigar and continues to sing as smoke pours forth from his mouth like lava from a volcano.

Kirk's performance is clever but likewise is the work of Aloriz, Moore the man of mystery, the four old men dancing number and the comedy acrobatic buck and wing dancing of Buster Miller.

This company will be at the McSwain Theatre, one night only, Wed., Feb. 1st.

Notice of Meeting

Notice is hereby given that the Board of Commissioners of the City of Ada, Oklahoma, will meet on the 9th day of February, 1922, at 2:00 p. m. in the City Hall of the City of Ada, Oklahoma, for the purpose of reviewing the report of the Board of Appraisers making appraisement and apportionment of costs to the various lots and tracts of land benefited by the paving, grading, curbing, draining and otherwise improving of Street Improvement District No. 9, same being North Mississippi Avenue from the North line of East Main Street to the south right-of-way line of the St. Louis and San Francisco Railroad, including all street intersections and alley crossings on the above described avenue in the City of Ada, Pontotoc County, Oklahoma, in the aggregate amount of Forty Two Thousand Eight Hundred Forty-four and 07-100 Dollars (\$42,844.07), do hereby certify that we met in the City Hall in said City on the 24th day of January, 1922, and organized as a Board of Appraisers, and selected E. V. Estill chairman and L. T. Walters as secretary thereof; that we, at said time, severally took and subscribed an oath to make true and impartial appraisement and apportionment to the several lots and tracts of land designated in the resolution by which we were appointed, of the benefits resulting thereto, as aforesaid; that within five (5) days after being notified of our appointment, we proceeded to appraise and apportion to said several lots and tracts of land the benefits resulting thereto on account of the making of said improvements; that in making said appraisement and apportionment we apportioned to each lot and tract its due portion of the charge, according to the amount and cost of work performed upon said Street Improvement District; which respective amounts so appraised, apportioned and adopted we find just, equitable and accurate, and that the several respective lots and tracts are set opposite the description of said lots and tracts of land contained in the statement attached hereto, marked Exhibit "A" and made a part hereof, of which respective amounts we find equitable and just and according to the benefits accruing to said several lots and tracts of land.

Respectfully submitted,

E. V. ESTILL,

L. T. WALTERS,

R. E. CARPENTER,

Appraisers.

WITNESSES HEARD ON PROPOSAL TO REDUCE CHARGES ON FREIGHT

WASHINGTON, Jan. 30.—The interstate commerce commission today began hearing representatives of the general public in its consideration of proposals to reduce freight rates.

Secretary of Commerce Hoover and Walker D. Hines, former director of railroads, are two of the witnesses summoned. Mr. Hines will be heard Tuesday and M. Hoover Wednesday.

W. H. Chandler of Boston, representing the National Industrial Traffic League, the first witness called, presented demands of his organization for the straight percentage reduction in freight rates, coupled with an argument for the reduction of railroad wages.

"Our members have demanded that the railroads reduce cost and rates horizontally," he said.

It is customary to state the size of war vessels in displacement tons.

Big Savings For
The Thrifty Housewife

Few homes indeed do not feel the need of economy. The necessity of making every penny count touches the purse of every housewife. It is doubtful if there is a single article employed as a food or in the preparation of food that demands more buying wisdom than Baking Powder. Upon its quality depends the success and economy of the bakeness themselves.

Calumet Baking Powder enables the housewife to make three worth while savings. She saves when she buys it—it is moderate in price. She saves when she uses it—she uses only half as much as is required of most other powders. She saves materials it is used with—it never permits bake-day failure. Any woman can use Calumet with absolute certainty of best results—delicious, tasty bakeness that are pure and wholesome.

True home economy of time, material and effort is completely handled in Reliable Recipes, the 75-page Cook Book and Household Hints. A copy is yours FREE—for the asking. Address Home Economics Dept. Calumet Baking Powder Co., 4100 Filmore St., Chicago, Ill.—Advt.

Farmers' Column

By Byron Norrell

One of the outstanding features of the farm conference at Washington was the strong stand in favor of co-operative marketing as one means of making the farming class more prosperous.

Bee men say that now is the time to begin making ready for an early honey crop. Unless the hives have a good quantity of honey stored up, the bees should be fed on a sugar syrup consisting of two parts sugar to one of water. A successful bee man of this county says that after the water boils it should be set off for a few minutes. The sugar should be stirred in and when dissolved the mixture should be set on the stove a short time but should be taken off just before it comes to a boil. Three men I have asked about feeding suggest these methods: One of them says he takes out a frame of empty comb and pours the syrup into the cells. Another takes a lard bucket with top fitting down on the inside. He punches a number of holes into this top, fills the bucket with the syrup and sets the bucket upside down in the hive. The bees suck the syrup through the holes. The third simply puts the syrup into a shallow vessel, places two pieces of wood in it so that a bee falling into it may be able to crawl out and sets it inside the hive. I have on two or three occasions set a vessel on the outside on warm days when the bees were active, but a good many bees got themselves covered with the syrup and were unable to get back to their hive. A. T. Watson says that in the early spring the syrup should be made of equal parts of water and sugar.

Arkansas is taking strongly to the home demonstration agent idea, according to Farm and Ranch, which says that last year 35 counties of the state employed agents and in spite of a general cutting down in expenditures, all are holding their agents. A cut accompanying the story about the activities of these ladies shows one with moving kitchene. In other words, an outfit transported in a fillyer.

Speaking of home demonstration agents, it may not be generally known that Mrs. Duvall of Pontotoc county holds the state record for length of service. She began seven years ago and is the only one employed at that time who is still on the job. The life is not an easy one and the ladies often find it too strenuous. When Mrs. Duvall took up her work thirteen counties in Oklahoma had agents. Now there are forty-five. For the first year or two parts of the salaries of both the county farm agent and the home demonstration agent were paid by the chamber of commerce of Ada, although all parts of the country were treated alike. In those days the agents traveled in buggies and could not cover the field as well as they do now.

In some places the ladies are taking up the matter of co-operative egg marketing by organizing egg circles. Each member is provided with a rubber stamp with which she puts the date on each egg as it is laid together with her own initials. The eggs are turned into the manager who ships them in crates, guaranteeing every egg to be fresh. If one turns out to be otherwise, the marking tells instantly who turned it in. The offending lady is fined 50 cents for the first offense, \$1.00 for the second and if it happens again is dropped from the club. Buyers will pay considerably more for guaranteed eggs than for a general mixture of uncertain origin and condition and make better money by doing so. Hotels and cafes are good customers of these circles. One summer about 20 years ago I worked for a produce shipper in Kentucky. Of course we had to throw away many eggs and to make up the loss were forced to pay a very low price. However, when a lady was willing for us to candle her eggs we were glad enough to pay a better price, knowing that we would lose none. I have not talked with Mrs. Duvall concerning the organization of such clubs in Pontotoc county, but I feel sure that she would give all possible assistance if the ladies of any community desired to try it.

"I'll Have Only One Accident," Veteran
Well Shooter Said Here Before Death

HEALDTON, Jan. 30.—Charles Vandell and Hardy Oglesby, professional oil well shooters, were blown to atoms at 12:57 o'clock Sunday afternoon when the magazine of the Independent Nitroglycerine company, located south of Healdton blew up. Vandell was manager of the company and was recognized as one of the most careful oil well shooters in this section. He came here from Ohio several years ago and had followed the hazardous profession for years in the oil fields there before coming to the southwest territory. None will ever know how the accident happened or what detonated the several hundred quarts of nitroglycerine which were in the magazine.

Ring Identifies Body.
A few fragments including a hand of Oglesby have been found but no part of Vandell.

The fragments of flesh were identified as Oglesby's by a ring found on one of the mutilated fingers. The force of the explosion tore up trees by the roots and scattered plate glass windows in the business section of Healdton, 2 miles from the site of the magazine. Windows were smashed and furniture overturned and broken in the residential districts nearest the scene of the explosion while numerous people were more or less injured by flying fragments of shattered glass. Both Vandell and Oglesby were married.

Vandell is survived by his widow, Oglesby is survived by widow and three children. Vandell's father resides at Lawton. Mrs. Vandell has a family history filled with tragedy. A number of years ago her father, a mining superintendent, was

killed in a mine explosion in the east and later her only brother was blown to bits by a shell explosion on the western front while in overseas service. Vandell was a thirty-second degree Mason.

Shot Nance Well Here.

Mr. Vandell will be remembered as the man who shot the Nance well near Beede as well as the Carter-Lowery offset. Many of the oil men operating out of Ada knew him and cannot understand how the accident occurred. Vandell was considered, so they say, the most careful shooter in the southwest and had been in the game for nineteen years.

While at work on the Nance well, it is said, some one asked him if he had ever had an accident. He smiled and replied.

"No. I will have only one."

TALE OF BLASTED CAREER TOLD
IN SUICIDE OF FAMOUS ACTRESS

CHICAGO, Jan. 30.—(Special)—Ursula Thompson had hoped for years that some day her name might shine forth in large letters over the leading theaters of the country. She worked unceasingly to become a successful actress. At first fame seemed easy to obtain and near at hand. Then the road grew harder. At last the fact dawned on her that fickle fame had duped her forever. And that thought grew on her until it brought the inevitable end—suicide.

That is why her brother, George H. Thompson, is settling up the few business affairs of his sister and the followers of the bright lights are discussing the details of her death. She entered into and kept a suicide pact with a man believed to be Alfred Nichols. Their bodies were found in an apartment.

No one knows the man. Thompson says he never heard the name.

George C. Rogers, second husband of the dead girl, says he never heard the name.

In the last six months she had transferred property valued at \$300,000, part of an estate left her by her first husband, Louis P. Doerhofer, from the hands of the executors, a trust company, in Louisville, Ky., to her brother. So lack of money could not have caused her despondency.

Doerhofer was a well known sportsman. Thompson is a mortgage and bond broker of Julesburg, Colo.

HELP AMERICAN
MANUFACTURERS
LEADER PLEADS

(By the Associated Press)
WASHINGTON, Jan. 30.—Enactment at the "earliest practical moment" of traffic legislation to afford American manufacturers that protection without which "they cannot weather the storm of foreign competition" and to provide an American valuation basis for import duties, was urged by John E. Edgerton, president of the National Association of Manufacturers, in an address today at the opening of the association tariff convention.

Arguing for the American valuation plan, Mr. Edgerton declared the government had the same right to fix the basis of its tariff assessments as it did the assessment rates themselves.

**Cardinals To Pick
Pope at Climax of
Three Mass Service**

(By the Associated Press)
ROME, Jan. 30.—Final plans were begun today for the convening on Thursday of the solemn conclave at which the cardinals of the Roman Catholic church will choose a pope to succeed Benedict XV. The last minute ceremonies will be preceded by three solemn masses, the first of which took place this morning, with the cardinals participating.

The beautiful and historic Sistine chapel in which the conclave will meet has already been fitted with the long stalls in which the cardinals will sit while the balloting proceeds.

Shantung Settlement Near.

WASHINGTON, Jan. 30.—Further indications that a settlement of the Shantung question was imminent developed today when the Japanese and Chinese delegations were called together to resume their conversations.

DODGE'S WIDOW
OWNS NECKLACE
CALLED EMPRESS'

Mrs. Horace E. Dodge, the widow, above, and Mrs. J. E. R. Cromwell, who wore the jewels at her wedding some months ago. She was Miss Delphine Dodge.

Mrs. Horace E. Dodge, widow of one of the late Dodge brothers, who won millions making autos, is the possessor of the string of pearls said to have been the property of Empress Catherine of Russia. The ownership of the almost priceless string was a mystery for some time after a suit brought against a New York jeweler by a firm of European antique dealers attracted attention to it. Mrs. J. E. R. Cromwell, who was Miss Delphine Dodge, wore the pearls at her wedding some months ago. At that time the public was unaware of the history or value of the pearls.
